

## 2019 International Competitions and Assessments for Schools (ICAS)

Dear Parent(s)/Caregivers,

ICAS assessments have taken place annually in schools for over thirty years and in 20 countries. Results for each student participating are sent to the schools with achievement and analysis certificates according to their scores.

- |  |   |
|--|---|
| <b>1: High Distinction</b> to the top 1% of students | <b>4: Merit</b> to the next 10% of students   |
| <b>2: Distinction</b> to the next 10% of students    | <b>5: Participation</b> to all other students |
| <b>3: Credit</b> to the next 25% of students         |   |

Parents and students can access results online; these reports and analyses remain available indefinitely. ICAS reports indicate which questions were answered correctly, compare student performance to that of the other students tested and are highly suitable for inclusion in a student's portfolio for future secondary, tertiary entrance or job opportunities.
